

Severe weather is a serious issue when it comes to the well being of your facility. Strong winds and torrential downpours can lead to major flooding causing damage to your building. However, with the right equipment, you can mitigate, or even prevent flood damage. Tornado Industries offers an extensive line of wet/dry vacs, carpet extractors, and blowers/dryers to ensure that your facility can recover quickly even after the worst of storms. Take a look at some of our offerings, and be sure to request a demo to see how we put a new spin on cleaning!

Tornado Taskforce® Family of Wet/Dry Vacuums

A complete range of wet-dry vacuums, designed to work in any environment

Tornado Taskforce® series of Wet/Dry Vacuums are the toughest, most versatile, and cost-effective tank vacuums on the market. Available in your choice of either a polyethylene or stainless steel body and in sizes ranging from ten, fifteen, seventeen and twenty gallon capacity, these vacuums are mounted on four sturdy transport wheels for easy movement and stability. With a 1.61 HP vac motor, the units generate 114 cfm and 90" of water-lift. The Taskforce® series effectively handles general dry debris pick up in commercial environments, as well as liquids such as water, scrubbing solutions, and stripping solutions.
